The Regional *Active Dog Guide* Moves to New York City

AQUA PURE BREED™ to Exhibit at PET FASHION WEEK NY

NEW YORK, August 10, 2008 – Pure Breed Products, Inc., a canine beverage company committed to dog wellness, announced today that it will exhibit it's new line of hydration products at Pet Fashion Week, New York in August.

“In anticipation of visiting New York, we have put together the Active Dog Guide, New York. We are glad to report that New York has lots of options for outdoor fun with your dog!”

The *Active Dog Guide* is a compilation of local dog-friendly destinations. From restaurants and hotels to dog parks and trails, this guide covers a variety of activities for you and your dog.

Pure Breed Products, Inc. had created four regional guides for California: Los Angeles, Orange County, San Diego, and San Francisco, before this fifth, New York edition. They plan to print guides nationwide through research visits and submissions online from dog-friendly businesses and dog owners. Submissions can be sent via the link in the ONLINE *Active Dog Guides*, located in the Active Dog Lifestyle page at AquaPureBreed.com.

The *Active Dog Guide* ONLINE also features an interactive Google™ map that allows users to find business information, get directions, and read reviews on all dog-friendly businesses in their area.

“Dog owners can use the online resource to find new and exciting places to take their canine counterparts. In exchange, we hope dog owners will send us their favorite dog-friendly destinations, so we can create a comprehensive national resource for all,” says Mr. Foreman.

This FREE resource can be found online at AquaPureBreed.com, or around California and New York at dog boutiques, restaurants, hotels, and veterinary clinics.

Whether you are planning on dining out, shopping, traveling, taking a trip to the park, trail, beach, or just looking for a new local destination, DO NOT leave your dog behind. Support the *Active Dog!* Campaign and use the *Active Dog Guide* to find new local dog-friendly destinations.
